

Hey! My name is Emma. This autumn I'm starting my second year of studies in social sciences and my major is Public International Law.

I'm originally from Parainen, which is a small town close to Turku and I've been living in Turku since I started studying. I play football at a sports' club in Parainen and I used to play handball when I was younger. When I have time I read and take pictures :) I love learning languages.

I'm looking forward to meeting you all! Until then, have a nice summer!
