

Hello there!

My name is Johnny Löfman, and I'll be one of your tutors this coming semester. I'll be starting my second year of studies in Computer Engineering here at Åbo Akademi, and I look forward to showing you around our beautiful city. I come from Porvoo, a smaller town about 50 km east of Helsinki and during my free time, I like hanging out with my friends, playing padel and tennis, and tinkering with computers. I hope to make your stay here as comfortable as possible, and if you have any questions, don't hesitate to ask.
