Install Office to your computer:

The screenshot shows the Microsoft Office 365 web portal. At the top, there is a navigation bar with the word "Office" and a search bar. On the right side of this bar, there is an "Install Office" button with a dropdown arrow. A large orange arrow points from the top right of the image towards this button. Below the navigation bar, the main content area is divided into several sections. On the left, there is a vertical sidebar with icons for Home, Create, and various Office applications (Teams, Word, Excel, PowerPoint, OneNote, Forms, Apps). The main content area starts with a "Good morning" greeting and an "Install Office" button. Below this is a "Recommended" section with four document thumbnails. The first two are "Digital ÅA ppt" and "Egenlärare - presentation", both with a "You edited this" notification. The third is "Street Festival 2022 - 8.9" with a notification "Ulrika Ström posted this Aug 11". The fourth is "Antagnafriståendekurserht2022" with a notification "You edited this Fri at 11:26 AM". Below the recommended section is a "Quick access" section with buttons for "All", "Recently opened", "Shared", and "Favorites". At the bottom, there is a list of recently accessed documents, including "Digital ÅA ppt" and "Kurskatalog - Course Catalogue".
