

My name is Mathilda Palmborg and I'm from Jakobstad. My subject of studies is Teaching and Learning. My friends would describe me as social, honest and extroverted. Outside of studying I like to read books, watch movies, drawing and painting. A fun fact about me is that I have a very good memory, which means I'm both reliable and remember a bunch of unnecessary things. If any questions arise, please don't hesitate to contact me at [mathilda.palmborg@abo.fi](mailto:mathilda.palmborg@abo.fi).

See you soon!
